

Agenda – REA EV Forum member meeting

Meeting Date: Thursday, 26th November 2020 – 12:30pm to 2:30pm

Agenda - V1.3 for distribution to REA members

Location: link via MICROSOFT TEAMS will be circulated to registered members – register [here](#).

Pre-reading

- REA October 2020 EV Forum newsletter (link [here](#))
- The Prime Minister's 10-Point Green Industrial Revolution plan and the DfT's 2030 phase-out announcement ([here](#))
- Motability's briefing for REA EV Forum members on accessibility of public charging infrastructure (link [here](#)).
- HM Treasury's Comprehensive Spending Review outputs (due out on the 25th November 2020)

Agenda

The REA will present to members on key conversations with Government. The session will be moderated by Clive Southwell of Enel X, the acting REA EV Forum Chair. Active discussion and input from members welcome, which will inform our future policy positions.

12:30pm – meeting start

- Welcomes to new and existing members (15 minutes)
- Update from OLEV (20 minutes including discussion on key themes including the Spending Review, Project Rapid, and the Consumer Experience consultation) – Aaron Berry, Deputy Head of OLEV (confirmed)
- General discussion on the spending review
- Update on PAS 1878 / 1879 and other data-related workstreams (brief update and note of working group meeting)
- Ofgem's EV Strategy (brief update and note of working group meeting)
- Rapid Charging Fund – update on progress and joint letter to OLEV
- Consumer Experience of Public EV Charging Consultation update
- Accessibility (in relation to disability) of charging infrastructure – emerging themes and discussion of Motability paper.
- Smart Charging and Building Regulations Consultations update
- Update on the work of the EV Energy Taskforce 2.0
- Domestic and workplace charge point installation safety & OLEV work in this area
- Discussion on collaboration with the British Parking Association
- COVID, Lockdown 2.0 and REA activities
