THE BRITISH RENEWABLE ENERGY AWARDS 2026

11 JUNE 2026 | SHERATON GRAND, W1

25
YEARS OF
THE REA

For over two decades, the British Renewable Energy Awards have stood as the UK's premier celebration of the innovators and changemakers driving the transition to a net zero future.

Since the very first celebration in 2006 to applaud and honour those in renewable energy, this event has grown into a glittering highlight of the industry calendar. **It's a night where passion, progress, and above all, people, take centre stage.**

This year marks another exciting milestone: **the 25th Anniversary of the REA**. Since its founding in 2001, the REA has been dedicated to championing those companies and individuals leading the charge towards a greener future. This **landmark occasion** is the perfect opportunity to don your finest gowns and suits, all whilst rubbing shoulders **with the industry's most inspiring figures**.

Following last year's enormous success at the Sheraton Grand London Park Lane, we're excited to return to this iconic Mayfair venue for another unforgettable evening of glitz and glamour. **Guests can experience an event combining exceptional networking with one that truly sparkles with both passion and purpose.**

BECOME A SPONSOR

[Email us to discuss options in more detail](mailto:sponsorship@r-e-a.net)
[- sponsorship@r-e-a.net](mailto:sponsorship@r-e-a.net)

We're delighted to offer a range of exclusive sponsorship and branding opportunities for this prestigious event.

[**Established sponsorship offerings with a list price can be seen opposite.**](#)

The REA team will happily work closely with you to design a bespoke package that aligns seamlessly with your brand and business goals. We aim to ensure maximum visibility before and during the event.

As a not-for-profit organisation, the REA relies on the generous support of sponsors to make the awards accessible and inclusive. Your involvement helps us shine an even brighter spotlight on the incredible achievements driving the UK's clean energy transition.
